During September, our congregation will learn the ways **Live On—Funding Lutheran Leaders**, the Gulf Coast Synod’s endowment fund, supports Lutheran ministries and make an offering. Established with generous donations from congregations and faithful Lutherans, Live On makes grants from investment earnings to support future pastors so they can avoid additional student debt; helps fund campus ministry across the Synod; provides funding for planting new churches, and encourages new and innovative ministry projects. Please give to Live On during September. Check out Live On’s website at [www.liveongenerously.org](http://www.liveongenerously.org) and visit @liveongenerously on Facebook.
