

Live On: Investing for Christians who value God's work on Earth

Live On, the Synod's endowment, was established in 1999 to provide a reliable income stream for essential ministries that the Gulf Coast Synod must do collectively. The endowment is invested in the ELCA Foundation Pooled Trust Fund A. Quarterly distributions are calculated to fund ministries while enabling the principal of the fund to continue to grow.

Gifts to the fund have totaled \$2 million. Through wise investment, the fund has grown to \$2.7 million—after grants totaling approximately \$900,000 for financial aid for future pastors and deacons during their seminary studies, campus ministry, planting new churches and supporting innovative ministry projects.

“End-of-life stewardship is a strategy that is unique to Christians who value the Lord’s work on earth. Bequests, gift annuities and various trusts achieve goals not typically suggested by attorneys and financial planners.”
